

THE 4TH INTERNATIONAL CONFERENCE ON ENVIRONMENTAL TECHNOLOGY AND INNOVATIONS

Ton Duc Thang University, Ho Chi Minh City | November 29 – 30, 2023

ABOUT ICETI 2023

The 4th International Conference on Environmental Technology and Innovations (ICETI 2023) offers a cross-disciplinary forum for scholars, researchers, and industry leaders to collaborate and exchange ideas in the fields of Environmental Science and Technology, Occupational Health and Safety, Climate Change, Circular Economy, Sustainable Development and Conservation of natural resources. This two-day event, from November 29 – 30, 2023, will be held in exciting Ho Chi Minh City, Vietnam and will be co-organized by TDTU and National Cheng Kung University, Taiwan; Cheng Shiu University, Taiwan; Sirindhorn International Institute of Technology, Thammasat University, Thailand; Universiti Sains Malaysia, Malaysia; Nagaoka University of Technology, Japan; Hokkaido University, Japan. ICETI 2023 invites prospective authors to submit innovative and unpublished full research papers for consideration. All submissions must be original work and must not have been previously published, submitted, or under consideration for publication in any other conferences or journals.

MAIN TOPICS

ICETI 2023 covers a range of topics:

- Environmental Engineering and Technology
- Sustainable development and conservation of natural resources
- Technologies for adapting to climate change
- Occupational health and safety engineering

Authors are encouraged to submit papers on these topics, as well as other related areas.

Submissions will undergo a rigorous peer-review process by at least two experts and will be published in the Conference Book of Abstracts. Selected papers will be recommended for publication in specific journals, such as Journal of Water and Health.
